Here's an update.

Indianola has been chosen as the replacement for Canton. This was recommended by M Jeter.

We have strong MEC support there.

Dr. Potter this morning has signed off on this new school.

I have asked her to make the call to Dr. Polk in Indianola. I have also asked her to give Dr. Davis in Hattiesburg "another" call. I already have November 18 on his calendar. I hope we can get it on Dr. Polk's calendar.

Now I need all the demographic info for Indianola -- did you do that or did Bonita?

I know you don't need one more tiny thing during the campaign countdown. Thanks for even reading this.

Just trying to keep you posted.

P
