**INTEROFFICE MEMORANDUM**

---

---

**TO:** GOVERNOR RONNIE MUSGROVE  
**FROM:** ARMERITA TELL  
**SUBJECT:** LIMBIC SYSTEMS – JOB CREATION PROJECT IN NATCHEZ  
**DATE:** 5/22/2003  
**CC:** BILL RENICK, BOB ROHRLACK

---

Bentley met with officials from Natchez, MS, and Limbic Systems (out of Washington, D.C.) yesterday at my request in order to discuss their interest in applying for funding through the Delta Regional Authority. Based on the information Bentley has given me (see attached memo), it sounds like a worthwhile project. It could create much-needed jobs in the Natchez area while supporting Alcorn State University at the same time.

May I suggest that (if you are interested) you touch base with Dr. Clinton Bristow to discuss this project proposal. Both the Limbic officials and Mike Ferdinand portrayed Bristow as being in full support of this project. After your discussion with Dr. Bristow, you may also want to touch base with Rick Mancilla, Limbic Systems' Vice President out of Washington, D.C.

Please let me know if you have any questions or need additional information.
