

*Advisory Commission on the Mississippi State Flag
and the Mississippi Coat-of-Arms*

MEMO

To: Drafting Committee of the Advisory Commission on the Mississippi
State Flag and the Mississippi Coat-of-Arms
From: Kelly Riley, Policy Liaison
Date: December 6, 2000
Subject: Report Draft

Enclosed is the revised report draft pursuant to our conference call yesterday. I leave at noon to go out of town until Friday night. Due to my being out of the office, it will be necessary for you to fax any comments or changes back to me at 601-359-3741 by noon tomorrow (Thursday). My office will then fax them to me, I'll make changes to the draft on a laptop, and my office will then fax the report to the entire Commission on Friday.

This is a confidential draft and should be treated as such.

Governor Winter will be drafting the transmittal letter for inclusion in the draft to be sent to the entire Commission on Friday.

We discussed including the bill language in the actual recommendation, but I am afraid the message and the three points to option A will be lost if we include the bill in the recommendation. Please review my suggested format/language and recommend any changes.

Thank you for your assistance.
