Subject: Mary Wagner

Ms. Wagner left me voicemail on Thursday, March 30 and I returned her call on Friday, March 31. Ms. Wagner was calling to inquire as to the responsible party for determining a district's offerings (classes). Ms. Wagner's daughter-in-law, who teaches in the Bolivar County schools, had found out Thursday that the district was canceling her music classes next year. Ms. Wagner wanted to know if this was allowable and I explained that this is in the discretion of the local board. I offered to have Michael Ellis call her w/ additional info, which he did Friday afternoon. Ellis told me this morning that Ms. Wagner appreciated his calling to confirm what I had told her.

This case requires no further action and is closed.
