We received several letters (attached) in support of funding for Pearl River County Schools' Behavioral Intervention Program, implemented by Mrs. Lossie Rooney. I phoned Nina Guthrie, Assistant Superintendent, to inquire as to if funds have been cut for this program. She said that funding has not been cut, but that Mrs. Rooney would like to receive additional funds (Title I through the State Department of Education) so that she may hire additional staff. She is now assisted by volunteer parents.

I prepared responses for the Governor's signature, thanking each for their letter concerning additional funding for the program and informing them that we are forwarding the information to the State Department of Education for their future consideration in the funding of such programs.

I also prepared a letter to Mrs. Rooney commending her on the success of the program and the respect it has earned by fellow school personnel.

This case is closed.
