

Honorable Governor Musgrove:

Thank you very much for your support of education in Mississippi. Education and economic development are the keys to Mississippi's future and I certainly give you an A+ on your support of both.

I greatly appreciate the friendship and support you have shown to The University of Southern Mississippi and will do everything in my power to insure that Southern Miss supporters recognize your valuable help to both our University and to our State's economic development efforts.

It has been a real pleasure working with J.C. Burns and his staff, as well, and I compliment you on MDA's efforts. Please let me know when I or Southern Miss can be of assistance in any way.

Sincerely,

Robert Ingram
Assistant to the President
Community and Economic Development
The University of Southern Mississippi
