

Beverly, I received the attorney generals opinion, thank you.

After scanning the opinion and trying to understand the opinion legal English, I believe there are several flaws written into the opinion.

Most of the opinion, in my opinion, does not cover the reasons why the Harrison County Supervisors have conducted themselves.

The opinion is a protection opinion towards the supervisors with the purpose to use Mississippi law in its defense.

Please read my web page: [SUPERVISOR MARLIN LADNER](#)

In the interest of the taxpayers, I see many expenditures which the taxpayers could not have paid for.

Supervisors are paid by the taxpayers and draw a salary for which they may purchase items of private nature.

Soon, I will have the attorney generals opinion on the a web page to be viewed.

Sincerely,

Steven A. McCaleb
