Issue: Newborn Screening & Death of MS Toddler

Street_Address: 114B Monument Drive

City: Tupelo

State: MS

Zip_Code: 38801

Message: Recently I suddenly lost my seemingly healthy
2 1/2-year-old grandson to MCADD, a silent and treatable metabolic disorder for which
screening is available. Mississippi did not/does not screen for this disorder, nor
does it make parents aware that a screening is available at their choice. I have sen
t Lt. Governor Tuck attachments via e-mail that tells his story as a victim of not be
ing screened and the story of Alex, an MCADD survivor who was screened in another sta
te. And, I sent her a copy of my arguments for expanded newborn screening. Please a
sk her for a copy of those attachments and give SERIOUS CONSIDERATION to this very im
portant issue.

Thank you for your time.
