

Public Relations

338	Historical Public Relations Files	This series consists of official public communications and materials documenting the agency's public presence and historical significance. Records may include press releases, speeches by executive-level officials, agency publications, social media posts, newsletters, brochures, invitations, programs, photographs, narratives, and other documentation of significant events. Formats may include print, electronic, audio, or audiovisual.	Annually transfer to State Archives. Annually transfer one copy of all publications to the Mississippi Library Commission in compliance with MS Code 25-51-1.
339	Temporary Public Relations Files	These records are administrative or preparatory in nature and include drafts, layouts, production materials, working papers, mailing lists, or other records used to prepare a final document.	Hold until final copy is prepared and distributed, or file is superseded, then destroy.
